

IT Structure and Contact Details

Request

I would like to make a freedom of information request and would like to request the following information:-

1. IM&T (Information Management and Technology) or ICT (Information, Communication and Technology) departmental structure with names. Headed by the Director. Please do not send me the informatics structure.
2. Contact details for each of the senior management- direct telephone number and direct email address. Also senior management is the Director, Head of ICT and the managers below the Head of ICT

Please can you input this information into an excel spreadsheet.

Our Response

As explained on the spreadsheet sent with this response, our IM&T Services are outsourced to Leicestershire Health Informatics Service, but they may be contacted with regard to the service they provide to us. However, Mr John Short has overall responsibility for IM&T within the Leicestershire Partnership NHS Trust. Please find attached a further 2 organisational structures that should help to explain the link.
