

Audits of Rapid Tranquillisation Policy or use of rapid tranquillisation medications

Request

I would like to request a copy of any audit that has been done in your trust on the implementation of your rapid tranquillisation policy or use of rapid tranquillisation medications. If there is no evidence from your audit/clinical governance department that such an audit has been done please could you also inform me that this is the case.

In addition to this, I would be very grateful if you could forward me the email address of the colleague in your trust who is overall responsible for organising and collating evidence from audits.
