

Email addresses for Psychiatrists and Psychiatric nurses

Request

I am researching how mental health professionals make clinical decisions. I am currently running a questionnaire study and wish to distribute my questionnaire to as many psychiatrists and psychiatric nurses as possible. I have attached an information sheet about the research, along with the questionnaire I am using.

Would it be possible to have the names and e-mail addresses/postal addresses of any psychiatrists or psychiatric nurses in the trust?

Our Response

Thank you for your request regarding contact details of psychiatrists and psychiatric nurses. We are pleased to provide the following response to your request.

We can offer two options to assist you in your research:

1. If the questionnaire is available online with a downloadable version for people to complete and return as they wish we would be willing to make the link available via our Trust Intranet. You would, however, need to write a short article for inclusion in our Trust Newsletter.
2. You could write directly to our sites, addresses for which are available at: [http://www.leicspt.nhs.uk/ Contact-Howtocontactus.aspx](http://www.leicspt.nhs.uk/Contact-Howtocontactus.aspx) . Details of some clinical personnel are also available at: [http://www.leicspt.nhs.uk/ Aboutus-Whoweare-Servicestructures.aspx](http://www.leicspt.nhs.uk/Aboutus-Whoweare-Servicestructures.aspx) and you may choose to write to them directly.
